ACETAZOLE *Tab.*

Acetazolamide 250 mg Tablet

Acetazolamide 250 mg tablets are commonly prescribed for the following medical indications:

Glaucoma

Used to reduce intraocular pressure in open-angle and secondary glaucoma. Sometimes employed as adjunctive therapy in acute angle-closure glaucoma.

Acute Mountain Sickness (AMS)

Prevents and reduces symptoms such as headache, nausea, and dizziness associated with altitude sickness.

Edema

Helps manage fluid retention due to heart failure or medications, such as corticosteroids or estrogens.

Epilepsy

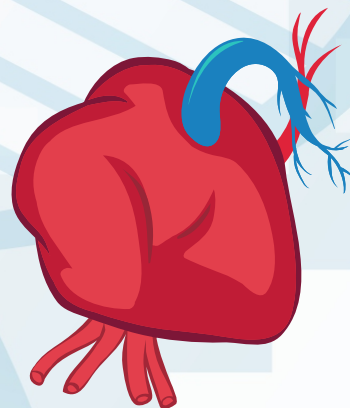

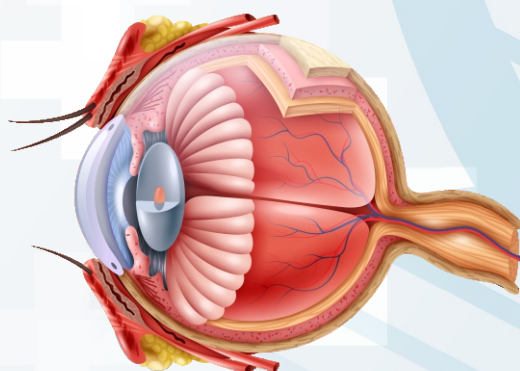

Used as adjunctive therapy for specific types of seizures, including absence seizures.

Periodic Paralysis

Sometimes prescribed for patients with conditions such as hypokalemic periodic paralysis.

Idiopathic Intracranial Hypertension (IIH)

Lowers cerebrospinal fluid production to reduce symptoms like headaches caused by high intracranial pressure.

A Well Acting Mucoytic,,,

ACEPEC-600 *Tab.*

N-Acetylcysteine Effervescent Tablets 600 mg

Effective for:

- *Microbiological use-reduces thickness of mucus layer and increases permeability of and biotic in Respiratory and Gastro intestinal Infections.
- *Preventing complications of lung disease (Chronic Bronchitis, COPD)
Twice daily N-Acetylcysteine 600 mg for Exacerbations of Chronic Obstructive Pulmonary Disease.
- *Acetylene acts to maintain or replenish depleted glutathione reserves in the liver therefore called as specific antioxidant.

Also Effective for:

- *Drug Poisoning Acetaminophen Poisoning-Reduces death rate and prevents permanent harm caused by acetaminophen poisoning.
- *"For this use, N-Acetyl cysteine given by mouth is as effective as N-Acetylcysteine given intravenously.
- *Preventing Chemotherapy side effects (of stomatitis).
- *Nephroprotection-Preventing dye toxicity to kidney during X-Rays.

A Mucoytic Agent in:

- **Bronchitis**
- **Emphysema**
- **Mucoviscidosis**
- **Bronchiectases**

A POWERFUL MUCOLYTIC

ACEPEC-600

” In Muscle Spasm & Pain Absolute Relax with... ”

BACLOFENAC-10 Tab.

Baclofen 10mg Tablets

Baclofen:

- An effective muscle relaxant & antispastic agent with a spinal site of action.
- Relieves the spasms, cramping & tightness of muscles.
- A GABA derivative, it inhibits transmission at spinal level & which inhibits the liberation of excitant amino acids.

INDICATIONS:

Muscle Spasm & Cramps

Tension Type Headache

Spinal Cord Diseases & Motor Neuron Disease

The Alleviation of Spasticity Resulting From Multiple Sclerosis

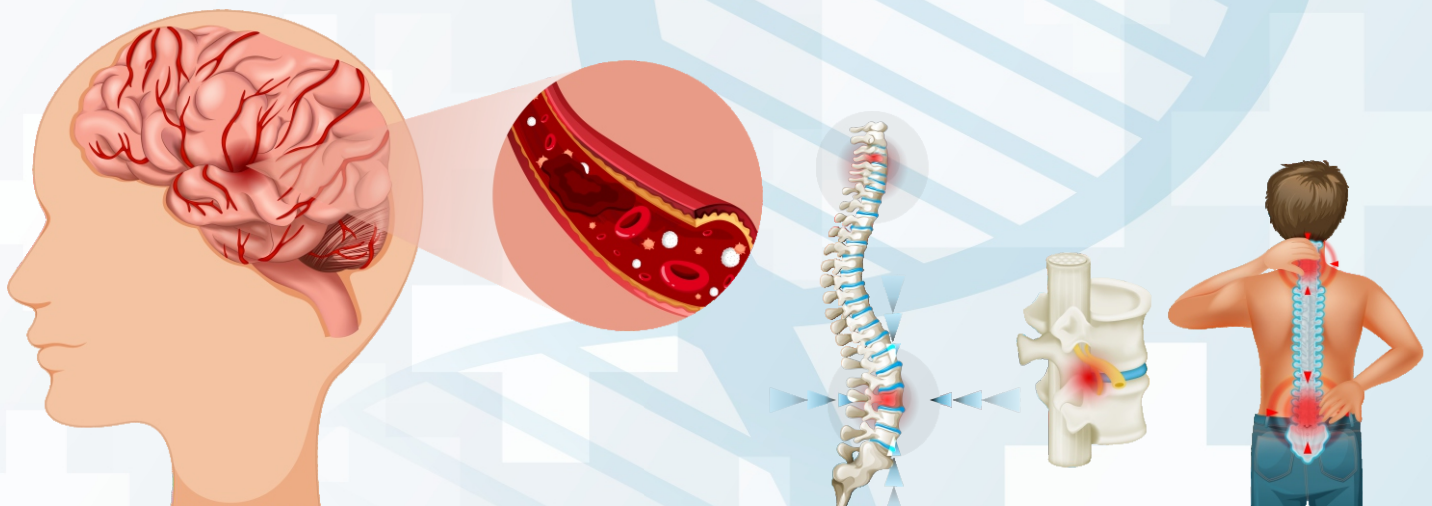

Muscle Spasm of Cerebral Origin Especially Infantile Cerebral Palsy

Cerebrovascular Accident Or Neoplastic Or Degenerative Brain Disease.

BACLOFENAC Syp

Baclofen 5mg/5 ml Syrup

Baclofen 5mg/5ml Syrup is a muscle relaxant primarily used to treat muscle spasticity caused by neurological conditions. Below are the primary indications for its use:

Way to Relief From Acidity...

BABYLAN Tab.

Lansoprazole 15 mg Orally Disintegrating

- Reduces the symptoms of heartburn.
- Reduces the amount of acid in your stomach.
- Lansoprazole is a proton pump inhibitor.
- Lansoprazole decreases the amount of acid produced in the stomach.
- Used to treat and prevent stomach & intestinal ulcers, erosive esophagitis (damage to the Esophagus from stomach acid).
- Gastroesophageal reflux disease (acid reflux) and peptic ulcer disease.

INDICATIONS

Heartburn

Duodenal Ulcer

Stomach Ulcers

Gastroesophageal Reflux

BENEFICIAL IN:

Gerd

Erosive Esophagitis

Zollinger Ellison Syndrome

**Correct Symptoms
of GERD for
Better Growth.....**

**Keep COUGH & COLD Away

BRODAY-LS Syp

**Levosalbutamol 1 mg + Ambroxol 30 mg + Guaiphenesin
50 mg per 5 ml Syrup**

→ Levosalbutamol Sulphate

- Acts as bronchodilator by relaxing the muscles of the airways and widens the airways.
- More efficacious than racemic salbutamol in terms of improvement in NCEANpratoru flow rate (PEFR), for the treatment of asthma.

→ Ambroxol HCl

- Exerts both mucokinetic and mucociliary effects.

→ Guaiphenesin

- Highly effective for relief of Wet cough and chest congestion due to the common cold.

EFFECTIVE IN:

- Chest Congestion
- Wheezing
- Bronchitis
- Bronchial Asthma

**A Comprehensive
Formula For
Treating
Cough**

Fever

Dry Cough

of breath

BERYWIN *Softgel Cap*

Lycopene, Methylcobalamin, Astaxanthin, Bilberry, Copper, Zinc, Lutein, Resveratrol, Tocotrienol, Zeaxanthin, Folic Acid Softgel Capsule

Eye Health

Supports vision and prevents age-related macular degeneration (Lutein, Zeaxanthin, Bilberry).

Antioxidant Protection

Combats oxidative stress and reduces free radical damage (Astaxanthin, Lycopene, Resveratrol, Tocotrienol).

Neurological Health

Promotes nerve function and prevents neuropathy (Methylcobalamin, Folic Acid).

Cardiovascular Health

Supports heart health and improves blood circulation (Resveratrol, Copper, Zinc).

Skin and Cellular Health

Protects skin and cells from aging and UV damage (Astaxanthin, Lycopene).

Immune System Support

Boosts immunity and supports overall health (Copper, Zinc, Folic Acid).

BERYWIN

This softgel capsule is used for eye health, antioxidant protection, neurological support, cardiovascular health, and boosting immunity.

WHEN PAIN, FEVER & INFLAMMATION NEED TO BE TREATED AT ONCE.

BEST PLUS-SP *Tab.*

**Aceclofenac 100 mg + Paracetamol 325 mg +
Serratiopeptidase 15 mg Tablets**

Aceclofenac

Directly inhibits PGE2 secretion at the site of inflammation.

Stimulates the synthesis of the extracellular matrix of human articular cartilage.

An NSAID with greater COX-2 Specificity when compared to Diclofenac Sodium.

Paracetamol:

Well known antipyretic and analgesic.

Relieves mild to moderate body pain.

Serratiopeptidase:

Time tested anti-fibrinolytic, anti-oedemic agent.

- ➔ **Osteoarthritis**

WHEN PAIN INFLAMMATION NEED TO BE TREATED AT ONCE ...

BONFIXX-30 Cap.

Cissus Quadragularis linn ext. 400 mg + Boswellia Serrata 50 mg. Capsules

1. Bone Health and Fracture Healing

Cissus quadrangularis is known to promote bone growth and repair. It aids in the faster healing of fractures and strengthens the skeletal system.

Indication: Osteoporosis, bone fractures, and bone-related injuries.

2. Joint Pain and Arthritis

Boswellia serrata has potent anti-inflammatory properties and helps reduce pain, stiffness, and swelling in joints.

Indication: Osteoarthritis, rheumatoid arthritis, and other inflammatory joint conditions.

3. Muscle and Tendon Health

The combination may support muscle and tendon repair, reducing the risk of strains and injuries.

Indication: Sports injuries, tendonitis, and general musculoskeletal health.

4. Anti-Inflammatory and Pain Relief

Both extracts have anti-inflammatory properties that can help reduce chronic pain.

Indication: Chronic inflammatory conditions, post-surgical pain, or injury-related pain.

5. Digestive and General Health

Cissus quadrangularis may help in improving gut health and metabolism, while Boswellia serrata contributes to overall inflammation reduction in the body.

Indication: General health support and inflammation control.

BONFIXX-30

Supports bone health, joint pain relief, and inflammation reduction..

In Prevention & treatment of Osteoporosis

CALBION-Z *Tab.*

Alfacalcidol + Calcium Carbonate + Methylcobalamin + Zinc Sulphate + Magnesium + Folic Acid Tablets

Alfacalcidol: Active vitamin D metabolite for calcium absorption and bone mineralization.

Calcium Carbonate: Provides elemental calcium to strengthen bones and teeth.

Methylcobalamin: Active form of Vitamin B12 for nerve repair and red blood cell production.

Zinc Sulphate: Boosts immune function, enzymatic reactions, and wound healing.

Magnesium: Essential for muscle relaxation, bone density, and metabolic processes.

Folic Acid: Promotes DNA synthesis, cell division, and prevention of birth defects in pregnancy.

- **Osteomalacia**
- **Osteoporosis**
- **Fractures**

COGNI-ZOOM *Syp.*

**Bacopa monnieri Extract, Omega-3 Fatty Acids,
Ginkgo biloba Extracts, L-Glutamic Acid, Amino Acid,
Choline & Vitamin Suspension**

Bacopa monnieri Extract: Enhances memory, learning ability, and cognitive function.

Omega-3 Fatty Acids: Supports brain development, reduces inflammation, and improves neurotransmission.

Ginkgo biloba Extract: Improves blood circulation to the brain, enhances memory, and acts as an antioxidant.

L-Glutamic Acid: Essential amino acid for neurotransmitter synthesis and brain function.

Amino Acids: Building blocks for neurotransmitters and proteins, aiding overall mental function.

Choline: Precursor to acetylcholine, a neurotransmitter critical for memory and cognition.

Vitamins: Support overall brain health, energy production, and cellular function.

COGNI-ZOOM

**Cognitive support, memory
enhancement, mental fatigue
relief, neuroprotection,
and mood improvement.**

Boost Your Immune System...

C-NORM *Tab.*

Vitamin C 500 mg + Zinc 5 mg

Immune Support

Boosts the immune system, helping the body resist infections such as colds and flu.

Reduces the severity and duration of upper respiratory infections.

Antioxidant Benefits

Protects cells from oxidative stress caused by free radicals.

May support skin health by enhancing collagen production and repairing damaged tissues.

Wound Healing

Speeds up the healing process by supporting tissue repair and regeneration.

General Health and Wellness

Supports overall health by contributing to the body's daily requirement for essential nutrients.

May assist in reducing fatigue and enhancing energy levels.

Specific Uses

Preventing or addressing Vitamin C or Zinc deficiencies.

Supporting recovery from illness, surgery, or physical stress.

Maintaining skin health and reducing skin aging.

- Great source of Minerals & Antioxidants
- Supports a healthy immune system
- Improves Digestion
- Metabolism Booster
- Vision Enhancer
- Treat Viral Infections
- Reduce oxidative stress

**Immune Support,
Antioxidant,

CAMRY-PLUS *Softgel Cap*

ALA 100 mg+ Methylcobalamin 1500 mcg. Vit. C, Vit. D- I.U., Vit. E, Vit. A + Vit. B1+B2+B6+ Folic + Sel. + Chromium

Indications:

Nerve Health Support

Helps alleviate symptoms of neuropathy, including tingling, burning, and numbness.

Promotes nerve regeneration and protection.

Energy Boost and Metabolism

Enhances energy production by improving glucose metabolism.

Supports overall metabolic function.

Antioxidant Support

ALA and Vitamins C & E combat oxidative stress and protect against cellular damage.

Selenium and Chromium enhance antioxidant activity.

Immune System Strengthening

Vitamins C and D boost immune response.

Aids in reducing the frequency and severity of infections.

Cardiovascular Health

Protects heart health by reducing inflammation and oxidative stress.

Improves cholesterol and blood sugar levels.

F-STONE *Cap.*

An Ideal Stone Remover Capsules

An ideal stone remover capsule is typically formulated to help dissolve or expel kidney stones, gallstones, or bladder stones naturally

Kidney Stones (Nephrolithiasis):

To alleviate pain caused by kidney stones.

To promote the dissolution and expulsion of small to medium-sized stones.

Gallstones (Cholelithiasis):

To support the natural breakdown of gallstones.

To reduce symptoms like bloating or pain after meals associated with gallstones.

Urinary Tract Health:

To maintain overall urinary tract health by reducing inflammation and irritation.

To prevent the recurrence of urinary stones.

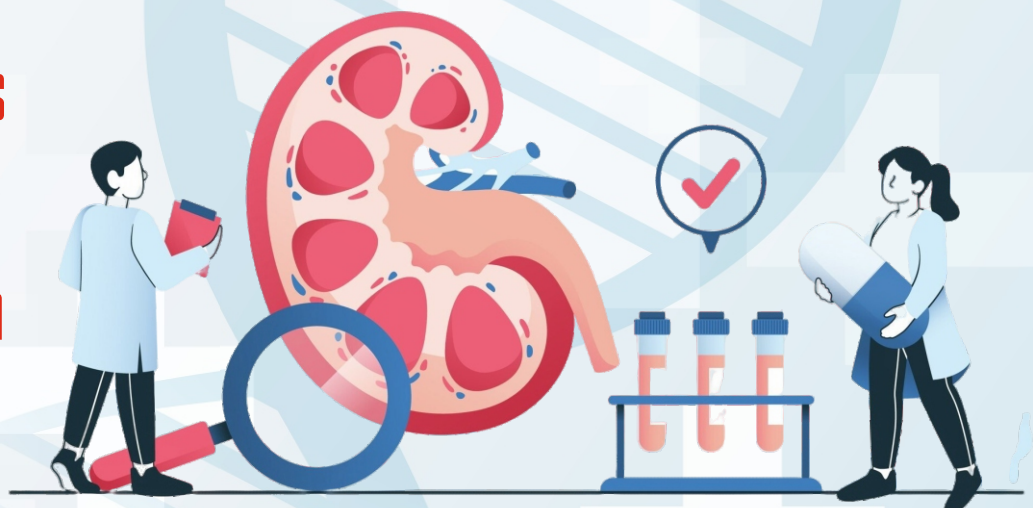

Detoxification:

To cleanse the kidneys and support their detoxification processes.

Supportive Therapy:

Adjunct treatment for improving urine flow and reducing discomfort during urination.

GLUFORCE-G^{Tab.}

Glucosamine 1500 mg Tablets

Glucosamine 1500 mg tablets are commonly used as a dietary supplement to support joint health, particularly for those with osteoarthritis or other joint-related conditions.

Indications:

Osteoarthritis: Glucosamine is most commonly used to alleviate the symptoms of osteoarthritis (OA), particularly in the knee, hip, and spine. It is believed to support the structure and function of joints.

Joint Pain and Inflammation: It may help reduce joint pain, stiffness, and swelling, providing symptomatic relief for conditions that affect the cartilage in joints.

Joint Health Maintenance: It can also be used as a preventive measure for people who are at risk of joint issues, such as athletes or those who engage in repetitive movements.

Shellfish Allergy: Check the source of glucosamine if you have a shellfish allergy.

Medication Interactions: May interact with blood thinners Consult a healthcare provider.

Pregnancy/Breastfeeding: Consult a doctor before use.

GLUFORCE-G

Glucosamine is used to support joint health, particularly in managing osteoarthritis symptoms and improving joint function.

For Speedy Recovery from Kidney Stone...

MAGNORM-B6 Syp.

Potassium Citrate 1100 mg + Magnesium Citrate 375 mg + Pyridoxine 20 mg (Each 5 ml.)

Magnesium Citrate

The aim is to increase urinary citrate, citrate binds with urinary calcium & there by prevents the formation of calcium oxalate stones; it prevents the urine form becoming too acidic.

Potassium Citrate

It attaches to calcium in the Urine, preventing the formation of mineral crystals

Pyridoxine

Pridoxine is inversely associated with the risk of oxalate stone recurrence.

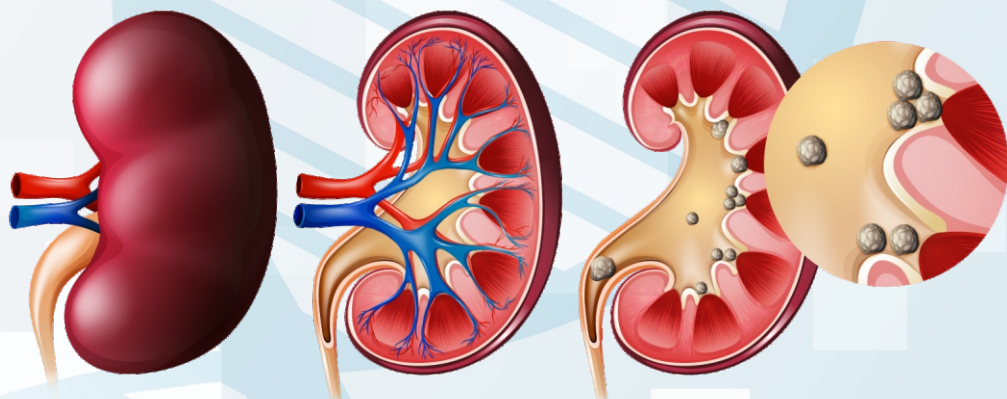

- To prevent recurrence of kidney stones & management of hyper oxaluria.
- Distal tubular Acidosis & Thiazide Induced hypokalemia.
- Relief from burning sensation Treatment & prophlaxosot vitamin B6 deficiency states.
- Renal Colic Pain.

THE POTENT

MAGFUL *Cap.*

Magnesium Bisglycinate Chelate 110 mg &
Glycine 675 mg Veg. Capsules

are commonly used for a variety of health benefits...

Indications

Supports Muscle Relaxation and Recovery

Relieves muscle cramps and spasms.

Aids in post-exercise recovery by reducing muscle fatigue and soreness.

Improves Sleep Quality

Magnesium and glycine have calming properties that help regulate sleep cycles.

Promotes restful and deep sleep.

Reduces Stress and Anxiety

Magnesium aids in regulating neurotransmitters, which can alleviate symptoms of stress and anxiety.

Glycine acts as a calming neurotransmitter, promoting relaxation.

Enhances Cognitive Function

Supports memory and learning by improving nerve signaling in the brain.

Glycine may help in reducing cognitive decline.

Bone and Cardiovascular Health

Magnesium is vital for maintaining strong bones and preventing osteoporosis.

Supports heart health by regulating blood pressure and reducing arterial stiffness.

For Individuals with Magnesium Deficiency

Ideal for individuals with low magnesium levels due to poor diet, stress, or specific health conditions.

"Healing takes time, and asking for help is a courageous step."

RECONER-50 T *Tab.*

Tapentadol 50 mg Extended Release Tablets

Tapentadol 50 mg Extended Release Tablets are used to manage moderate to severe pain that requires ongoing opioid treatment, such as chronic pain or post-surgical pain. It works by affecting the central nervous system to alleviate pain. This medication should be used with caution due to the risk of dependence, abuse, and respiratory depression.

As an opioid analgesic, tapentadol works by acting on the central nervous system to relieve pain and reduce discomfort. However, its use requires careful monitoring due to risks of respiratory depression, tolerance, and dependency.

- ***Tapentadol is used to help relieve moderate to severe short-term pain.***
- ***It belongs to a class of drugs known as opioid analgesics.***
- ***It works in the brain to change how your body feels and responds to pain.***

RECONER-50 T

are used for managing moderate to severe chronic or acute pain requiring continuous treatment.

"MEDICATIONS EASE THE PAIN, BUT STRENGTH AND PATIENCE HEAL THE SOUL."
